

Metalcraft Industries is a premier metal manufacturing partner with CNC machining, stamping, and sheet metal capabilities all under one roof. We prioritize the professional development of our associates and the continuous improvement of our business. Our core values and commitment to providing a safe environment guide all our actions.

Unity | Commitment | Responsibility | Excellence | Support | Innovation

Here is what you'll be doing:

- Measure, examine, and test completed units in order to detect defects and ensure compliance with specifications, using precision instruments such as micrometers.
- Complete these inspections on first pieces, in-process, and final pieces per specifications on machined and pressed parts.
- Communicate with engineering, supervisors, and manufacturing personnel in a positive and problem-solving manner by phone, written form, or in person.
- Calculate dimensions and tolerances using knowledge of mathematics, GD&T, and instruments such as micrometers and calipers.
- Be flexible and versatile to fill-in in other areas to meet the needs of ever-changing bottlenecks.

You'll love this job if you have/are:

- 3+ years' experience in a Manufacturing environment
- 3+ years' experience in using inspection equipment
- Ability to read and follow technical documents
- Basic knowledge of mathematics and GD&T
- Committed to contributing to the team effort
- Flexible and willing to assist the team in other areas when needed

Position Details:

- Work Schedule: Monday – Thursday, 6:00am – 4:30pm, with possible overtime on Fridays
- Wage Range: \$18 - 22 / hour

We have delivered high-quality products for three generations. We have an amazing team and want someone who cares about fostering a positive, team-orientated, engaging culture!

REV Date: 7/28/2021
